Curvies Flange Extenders

Properties of Curvies Flange Extenders include:

- Super thin and flexible medical grade silicone adhesive
- Low trauma removal with no skin stripping
- Allows temporary removal for re-positioning
- Consistent adhesion to skin during wear time

Product	Description	Code
Curvies	Flange Extenders - Pack of 30	CUR001

Stoma Powder

Helps form a protective barrier for excoriated or weeping skin around stomas or fistulas, and comes in a handy puff dispenser.

Product	Description	Code
Stoma Powder	30g Tub	OSP

Stoma Paste

Effective as a filler for skin creases and dips around stomas and fistulas.

- Can be used in conjunction with Oakmed Hydrocolloid Seals
- Gives added security and confidence
- Contains a minimal amount of alcohol
- Will help to extend the wear time of pouches

Product	Description	Code
Stoma Paste	56g Tube	SP008

EasyLease Adhesive Remover Spray

EasyLease Adhesive Remover Spray helps with the removal of pouches and cleans any adhesive residue.

The spray uses modern 'bag on valve technology' which ensures the spray is even at all angles and has up to 99% product emptying.

Contains:

- Tea tree oil for antiseptic and antifungal properties
- Silicone based so will not sting even on sore skin

Product	Description	Code
EasyLease Spray	Aerosol - 50ml	1408

EasyLease Adhesive Remover Wipes

EasyLease adhesive remover wipes are used to clean any adhesive residue from the skin after removing the pouch.

Contains:

- Orange oil for skin conditioning
- Tea tree oil which is a natural antiseptic and antifungal

Product	Description	Code
EasyLease Wipes	Wipes - Pack of 30	1206

Gel-X Solidifying Capsules/Tablets

Used to add to the pouch to:

- Solidify liquid waste into a gel
- Reduce fluidity of any leaks
- Promotes healthier peri-stomal skin through reducing leaks
- Make emptying the pouch easier
- Deodorise pouch contents

Product	Description	Code
Gel-X Solidifying Capsules	140 average contents*	GEL-X
Gel-XT Solidifying Tablets	140 average contents*	GEL-XT

*For use in Ostomy Pouches.

Hydrocolloid Seals

Properties of Hydrocolloid Seals include:

- Skin friendly, hypo-allergenic hydrocolloid
- Designed to stretch and mould around the stoma
- Ideal for uneven surfaces, scar sites, dips and creases
- Gives added confidence against leakage
- Can be used in conjunction with Oakmed Wound Managers for increased security
- New, smaller, resealable pack
- Easy to use release papers

Product	Description	Code
Option Seals	Seals - Pack of 10	WM-100

Ostomy Belt

Comfortable Ostomy Belt for added security and peace of mind. Used to add to the pouch to:

- Virtually invisible under the majority of clothing
- Can be used with Oakmed pouches*
- Beige colour to match most modern pouches
- Soft and comfortable against the skin
- 100cm in length
- Fully adjustable
- Hand washable

Product	Description	Code
Ostomy Belt	1 per pack 100cm	OCB02

*May also be used with pouches that feature belt loops from other companies.
